The Original winchgrapple built by Tree Gaps, for Tree Gaps

56" BMG T10013PT

Carry your branches and logs out long instead of wide, and digger pines through tighter openings. Turn the grapple out your machines, less wear and tear on tires & your machine.

- Large 56" Opening
- Lightweight 210 lbs
- 3" Rope Bollards
- Aggressive Tree Pusher
- Aggressive Log Dogs

The 2007 Universal Swivel Mount with non-powered rotation means less maintenance and less weight, allowing you to fill more. No lock is needed.

Grab it. Move it!
